IN MEMORIUM

Sophie Petitclerc
1972-1989

I shall pass through this world but once.
Any good, therefore, that I can do
Or any kindness that I can show
To any human being,
Let me do it now. Let me
Not defer it or neglect it for
I shall not pass this way again.

-- Etienne De Grellet

Donald Chase
1971-1989

For weeks I have been haunted by this blank page, wondering how I might describe what it was like to know Sophie and how to express the shock and pain we all felt upon the news of her death.

What can be more tragic than to see a young life taken away, just when so much lay ahead? We are grieved by her passing, nevertheless, Sophie possessed such a vitality, that she would not want to be remembered sadly.

The memory we keep of Sophie, should be light hearted and full of sunshine, just as she was. For Sophie had a smile of a pixie that could lighten up your day, a heart full of warmth and a love that was genuine.

Sophie would search and could always find the positive in each of us. She had the ability to connect people together emotionally and it would have pleased her to see how she has brought us all closer to one another.

All of us who knew Sophie are thankful, for we were fortunate enough to have her dance into our lives even if it was only for a short song.

Diana Tremblay

The Stanstead College Family was deeply saddened this year with the tragic and untimely death of Donald Chase as a result of a fatal automobile accident which also claimed the life of Sophie Petitclerc, a close friend and member of Donald's graduating class.

Donald came to Stanstead from Nova Scotia in the fall of 1987 as a quiet, well-mannered and serious student. Over the next two years the school brought out a lot of the man in Donald and revealed not only a clever sense of humour but the talent and ability to make people laugh. He graduated with a real sense of direction in his life and was thoroughly enjoying the pursuit of these goals at Trent University when the tragedy occurred.

What will be remembered the most by those who knew Donald well was his qualities as a friend. They all expressed the same sentiments; Donald Chase was the truest and most reliable friend a person could ever want.

It is an especially difficult loss when any young person on the threshold of a promising future suffers such an untimely death. Donald's friends and the Stanstead Family deeply mourn his loss.

We hope you enjoy the 1989-1990 Spectrum. This yearbook is a picture-book story which spans the events of an entire school year, and we've worked hard to insure that it will always bring back nostalgic memories of friends and good times shared.

We'd like to thank Fuji Canada in general and Mr. J.J. Mailhot in particular for all their help with our pictures. Also, everyone who made the yearbook possible: Mr. Ashworth and Mr. Duncan, the advisors of the Spectrum; Miss Broden, the advisor of the Camera Club, which supplied us with many of our pictures; and Kirsty Lewis, who in her own free time took many of the shots you will see on the next pages. And, of course, the students which comprised the Spectrum staff, who came in every Tuesday and Thursday evening without fail and cranked out page after page.

So turn the page, dear reader, and remember the past.

THE TWENTY FIRST CENTURY CAMPAIGN

COLBY - GROUND FLOOR PLAN

Renovate old labs and second floor Colby, Construct new labs on the 4th floor Colby. Upgrade lab equipment. Extend the library. Build new residence and upgrade infirmary.

BUILDING FOR THE FUTURE

RICH TRADITIONS

ALIVE WITH ACTIVITY AND EXCITEMENT

IMPROVED ACADEMIC FACILITIES

K.H. Barry Gallant, Headmaster

John H.E. Colby, Chairman

The College will soon begin its first major renovation and building programme since 1972. It is tempting to say that the College is about to start an exciting new phase in its history, but it would be more accurate to say that we are starting the last phase of a process which began nearly four years ago.

In 1986, the school community began to look at the future. A number of informal surveys had been taken of parents and students and the Board of Trustees had formed an informal planning committee. In the spring of 1987, a long range planning session was held at the school by a group composed equally of trustees, parents, alumni and faculty. From this, came a clear idea of where we wanted the school to go and what we wanted it to achieve. A clear mission statement and a lengthy report outlining policies and procedures for the future was sent to the Board and approved. This has provided the framework for all of our planning for the past two years.

A number of Board and faculty committees took the Long Range Planning study and looked at the implications raised in the report for our curriculum and facilities. In the winter of 1988/89, a firm of architects drew a master plan of the campus, reflecting the ideas developed by the working committees. The centerpiece of the plan was a major renovation of Colby house which would enlarge the library, renew the laboratories and provide new laboratory, classroom and work space as well as new equipment for the academic areas. This would mean moving the girls who live in Colby to new residences, re-locating the infirmary and providing new playing fields. All this, of course, would require large amounts of money, and we did not know if raising the amount needed was a realistic prospect.

The Board hired Ketchum Canada to do a survey of the Stanstead community and assess for us the feasibility of raising the funds needed. Ketchum's reported in June of last year that we were too ambitious and could not do everything we wanted. Back to the drawing board we went and came up with an amended proposal which would meet most of our original goals: increase the size for the library substantially; add new laboratory and classroom space on the fourth floor of Colby as well as renovate the existing laboratories; provide new student work spaces on the second floor of Colby; build one new residence and renovate the infirmary; provide for new equipment and an addition to the endowment fund. The new plan was accepted by the Board and in July 1989 a decision was made to go ahead with a major capital campaign. The organizational work started immediately.

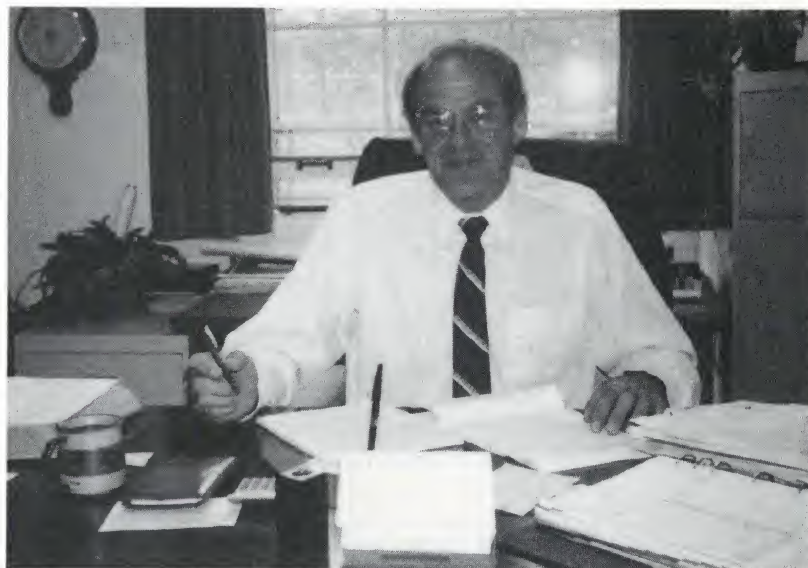

It was the College's great good fortune that Mr. John Colby agreed to chair this campaign and through the fall and winter of 1989 he recruited an able and willing campaign team which has been hard at work ever since. In late January of this year, Ketchum Canada became our advisers and consultants for this campaign.

I am pleased to say that we are now well along in the campaign and when you return for the homecoming and the alumni games in the fall, I hope that you will see some concrete evidence of this as we begin the building phase.

Why are we doing this? No institution can sit still and drift with events. To be a vital and thriving place, we have to look to the future, make decisions and prepare for that future. Students are our future and if we are to prepare them to deal with an increasingly complex world where success is based on technology, information and knowledge, then we need the tools to do this. We believe that the changes we are proposing will take us well into the next century and serve the immediate future of our students. You can play your part in the 21st Century Campaign by becoming active in the alumni association and by retaining your ties to your school wherever you may be. Beyond that, I hope that you will become active supporters of your school's present and future campaigns and workers in this cause so that others may enjoy the privileges, companionship and academic preparation and success that you have had.

When I took the helm of the Senior Girls' Soccer Team this season, I felt that our program was in a rebuilding year. To be honest, I decided that with the exception of very few players we had little talent. I was very wrong.

This group of first-year seniors, mixed with a couple of veterans and junior-aged whiz-kids, impressed me and our opponents throughout the season. We were the only team to best eventual league champions Massey Vanier, we stunned the opposition with "The Terminator" Rachel Poston, and, perhaps, most importantly, we captured the title at our Stanstead Invitational Tournament for the second consecutive year.

The players on my team exhibited great dedication to the game and loyalty to their coach; two qualities of successful teams. Our rigorous conditioning program carried us through victories which otherwise would have been defeats. The leadership of M.V.P. Rachel Gallant, the scoring prowess of Rachel Poston and the quiet midfield domination of fourteen-year-old Ellen Poston were paramount among our elements of success. I will not soon forget the effort and determination of Betsy Clark or the stalwart defense of Akiko Katsumata. This was a very good team which is earmarked for excellence next season.

The 1989 Senior Girls' Soccer Team was a team in the purist sense of the word. I thank them for a memorable and rewarding season, and for making me look good by translating my coaching philosophy into tangible results.

A. Solomon, Coach.

The senior boys' soccer team had a tremendous season. They went undefeated in the regular season with a 6-0-2 record. This was due to their dedicated effort and superb talent. The team showed that it was a contender early in the season with an impressive showing at the Loyola tournament. The highlight of this event was a 2-2 tie with L.C.C. Their confidence from this experience snowballed as the season progressed and led the team to a terrific weekend of Soccer a month later at the L.C.C. invitational where they made it to the consolation finals. The highlight of the season was a hard-fought 2-1 win over Alexander Galt on the last day that gave us the league championship. The playoff final on the following weekend was the only disappointing moment of the season as the team experienced a heartbreaking defeat to Galt. Overall the team had a season record of 10 wins 5 losses and 4 ties. The team had great character, never gave up and most of all knew how to win. I will be very sad to see such a tremendous group of individuals graduate this year. However, with a strong nucleus staying on and a good group of juniors coming up, the future for our program looks very bright indeed! I sincerely want to thank the boys for such a pleasurable experience.

Stanstead enjoyed one of its most successful football seasons in recent years, winning five of its eight scheduled games. The team consisted of a mixture of experienced players and others virtually new to the game.

The league playoff picture came down to our last two games against Galt and B.C.S. The team's 17-6 victory over Galt was clearly the highlight of our season. This made our final league game against Bishops a must win in order to qualify for the league championship playoff the following week. Unfortunately, key injuries early in the game prevented us from winning this key contest and our season came to an end.

Although offense is difficult to generate at the best of times, Captain Chris Couchman led the team in scoring followed by Assistant Captain Al Mickie. Much of our success was attributed to our defense which played outstanding football throughout the season under the direction of co-ordinator Mr. Elliot and Asst. Coach Mr. Simard. Standouts included Al Mickie, Martin Béasse, Yoshi Sudo and quarterback David Guigui.

I would like to extend a very special thank you to all the players and coaches who have made this season a most satisfying and successful one.

Alex Philip, Coach.

JUNIOR BOYS' SOCCER

Back Row: Mr. G. Telling, P. MacLaggan, F. Paradis, G. Rodriguez, J.P. Aoun, F. Mailhot, A. Deminico, J. Blouin. Front Row: F. Jiminez, B. Su, E. Chu, I. Darling, J. Gaarkeuken, M. Lafleur, I. Gibbs.

1989 was an excellent season for the Junior Boys' Soccer team, which lead the league up to the last three games, was only defeated twice and narrowly missed winning the final of the playoffs.

Starting with an even mixture of experienced and novice players, the team practiced hard and rapidly developed into a formidable force. Victories came thick and fast through the beginning and middle of the season: w:2 against Salesien, 4:0 at Massey Vanier, 3:1 at Galt. However, the other schools also produced exceptional teams this year and the matches against B.C.S. and Richmond were hard-fought and close: 1:1, 2:1 vs B.C.S., 2:2 vs Richmond. In fact, the only major defeat came after a serious injury robbed the team of its Captain and a 4:1 loss ensued.

Special mention must be made of Francois Paradis and Peter MacLaggan who spearheaded the offense, Ian Darling (Capt.), Guillermo Rodriguez and Francisco Jiminez who dominated the mid-field, Frederick Mailhot, Jack Gaarkeuken, Brian Su and Martin Lafleur in defense, and Ivan Gibbs who was a magnificent goal-keeper.

Thanks go to the whole team, including the manager, for a most enjoyable series of practices and games and for making 1989 an unforgettable season.

It was not one of the best seasons for the junior girls' soccer team, but it was a fun and memorable one. Though the team was 1 and 9 in the final standings, the "1" represented a victory over B.C.S! One game that I will never forget was played in the pouring rain against Massey-Vanier. Sue Brus was playing in net and dove for the ball. Not only did she make the save, but she slid halfway across the width of the field as if gliding on ice. Other memorable moments are listening to 16 teenage girls all trying to explain that they need a size "large" jersey - Kristen wanting to play basketball - Sue worried about losing her hair - Kate Comes slide tackling - Sue tackling any way she could think of - watching Verona run after the ball - still being the centre of all short jokes - Melanie SWEATING!

I think everyone on the team improved over the season and everyone did get a chance to play in each game. I hope all the girls on the team had as much fun playing soccer as I had coaching it.

Thanks for a great season!!!

The Cross-Country Running season 1989 was fairly good according to the strong competition we had from other schools. Even though this was my first season with the team, all runners helped me to commit myself in order to form a small family.

All runners gave their best during the season in both trainings and meets; and we were well rewarded as Yuko Hamaguchi and Tatiana Vydakhan won the Bronze Medal in their respected categories during our last meet at BCS.

However, our season would not have been so successful without the assistance of Rosalie Kasowski for our training activities and her enthusiasm was a real encouragement to the whole team.

On November 7th, I had to recognize the "s" recipients and it was a pleasure to give these Awards to runners who showed an outstanding performance during the season. Rosalie Kasowski received the Senior S, Natalie Cesari was the recipient of the Junior S and Tatiana Vydakhan was rewarded by receiving the Bantam S.

Thanks to all runners. It was a marvellous experience,

Sincerely,
Miss Louise Morrisseau, Coach.

This was my first year as coach as it turned out, it was a very satisfying and rewarding season. For many of the players on the team, playing organized soccer was a new experience yet through perseverance and dedication by all members, they managed to secure third place in the final league standings. This lead us into the playoffs against a very strong opponent, Alexander Galt. That game, which we lost 3:2 in the final minutes, was our best effort by far.

Special mention goes to Emery Guevremont as our principal goal scorer and to David Skelton (Capt), Octavio Gilibert, Rodrigo Miranda and Stephen Telling - all recipients of a Bantam 'S'.

I want to thank the entire team and D.J. Rahming, our manager, for an enjoyable season. I look really forward to working with many of you again next year.

Allan Tabatchnick, Coach.

The bantam girls soccer team had a relatively good season this year. We ended off our season on a positive note with a 2nd win against the Richmond team, here at Stanstead. The girls all had fun playing the game and I was glad to notice a lot of improvement in each of the players' soccer skills. The junior girls' soccer team will have some good players coming its way next year. Carolyn Stokes did a fine job as our goals person and as our team manager. Simone Cheetham displayed some excellent leadership skills as our team captain. Although I am very proud of all my players, for superior effort, dedication, and skill, I have awarded the following players a Bantam S: Simone Cheetham, Irene Bosum, Dawn Thompson, and Roberta Petawabano. I would like to thank all the girls for making my first experience as a soccer coach a very pleasant and rewarding one. On behalf of the entire team, I would like to thank Shane Merrill for his coaching help during practices. To the players not returning next year, I will miss you. I look forward to a successful season next year. Thanks for the cow.

Solitude is perhaps one of the hardest aspects of the swim team. Day after day, one plunges into the land, pulling, kicking, turning, all in the hope of having a better speed at the next meet. Swimming is for the most part an individual sport. It requires disciplined, determined and skill-conscious swimmers.

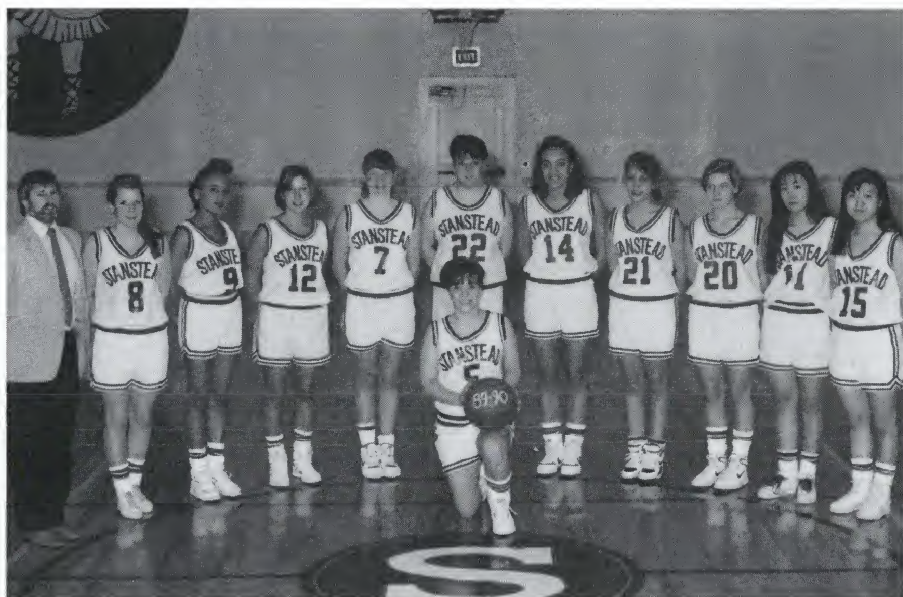

This year our team was fortunate in having swimmers who possessed both discipline and determination. Their efforts were rewarded at the end of the season when they received first place overall in all categories in the "Ligue de Natation Scolaire des Cantons de l'Est". The juvenile girls and boys also reaped second and third places respectively at the G.M.A.A. Championship, quite an impressive feat for such a small group of swimmers!

There are several people that I would like to thank for their assistance in making it a good season. First of all, Mr. Jackson, our assistant coach who did a tremendous job "computerizing" information, our team captains, Kevin Oickle and Lisa Burnet who were always willing to assist the swimmers in improving their dives and turns, and last but not least, our manager Melanie Bolduc and timers Victoria Dicker, Katie Wong and Tanya Malik.

Thank you all for making it an enjoyable and memorable season. Hope to see you next season!

The 1989-1990 Senior Girls Basketball Team had a successful season both in league and tournament play. In regular ETIAC league play the girls split with Massey-Vanier, Richmond and BCS but were beaten in both games by Alexander Galt, the eventual provincial champions. In tournament play the girls never managed to win the big one but earned a lot of respect by reaching the finals and finishing as runners up in both the BCS Invitational and the Small Schools Provincial Championship. We closed the year with a productive 13-10 won-loss record.

I would have to say that this was the most enjoyable team I've had to work in my 9 years of coaching the senior girls. On the court the girls always played their hardest and represented the school well. Off the court the girls were a lot of fun to be with and more than willing to lend a helping hand whenever necessary. I will miss them.

I want to thank the entire team for an excellent and fun season. Congratulations to Rachel Poston, Nina Taylor and Rachel Gallant in earning their Major "S" awards. I also wish to say a special thank you to Rachel Gallant. Aside from being my captain and MVP for the past two seasons and her accomplishments on the court, Rachel has been a tremendous inspiration to the girls basketball programme and a real help to the other girls and myself. Although her graduation leaves some big shoes to fill, next year looks promising. Best wishes to the grads.

The 1989-90 Varsity Spartans captured both the Eastern Townships Interscholastic Athletic Conference (ETIAC) league title and playoff championship this year. A blend of talented returning veterans and players from both the junior programme and the crop of new students at the school provided the necessary ingredients to give the Spartans their first league title since 1987 and first playoff championship trophy since 1979.

On paper this was a very talented team but we didn't always play up to expectations in posting a 9-1 record in combined league and playoff action and a 14-9 overall won/lost record. However the team came through when the championship was on the line in the ETIAC title game. Trailing by 3 points to perennial power Alexander Galt with a minute and a half remaining, the boys were able to reach down and win the title in a very exciting and entertaining finale.

I would like to congratulate the Major "S" winners from the team, namely Ansa Akyea, Ian Darling and Al Mickie. Team Captain Al Mickie, who won the league scoring title, also won the coveted E.C. Amaron Trophy (MVP) for the second time, capping an excellent three years in the programme and I would like to recognize him for his contribution to basketball at Stanstead. A special thank you is extended to James Wang for his contribution over the past three years as a player (Major "S"), manager and statistician. And, sincere thanks to Sois, Sims and PC for the help and encouragement they gave to both the senior boys and me. With a good returning nucleus and some talented juniors moving up to varsity for next year, the 1990-91 edition of the Spartans should again prove to be very competitive.

Winning the championship was very special and I want to thank the players for their contribution to the school and basketball at Stanstead. As the saying goes, "You guys done good" and you should be proud of your accomplishments. I am. Good luck to the graduates - I expect you'll be looking forward to coming back for Alumni Games in the years to come as the gym will hold some very special memories for each of you.

The Cross-Country Ski Team had a great season this year. On the boys side, our Bantams look very promising and improved constantly throughout the season. Their dedication and hard work won the Bantam Boys category in the Championship meet. Jason Rodi wound up third overall. In the Junior Boys division, Danny Chan also came in third overall. Though the Senior Boys did not place in the top three, Adam Johnson and Matthew Watson took turns placing fifth, amongst very strong competition, throughout the season.

The girls performed tremendously well. What with Rosalie Kasowski, Kate Saparoff and Margaret Chase already on the team and some of the new Bantam Girls who joined us this year (including Molly Miranda, Roberta Petawabano, Phoebe Blacksmith and Kim Quinn) we could not help but win. All three of the girls divisions placed first at the championship meet, while Rosalie and Kate placed first overall and Molly placed second overall. The team ended up winning four out of six categories! CONGRATULATIONS TO ALL ON A FANTASTIC SEASON!!!

This past season was very special for the College's Senior Spartan Hockey Team. With only ten skaters and two goalies we were the underdogs all season long. However, with superior talent we were able to win ten games over the season and place well in all the tournaments we attended. I have nothing but respect for the incredible effort put out by all of this year's players. They were double shifted and asked to play almost the whole game but they never gave up and always gave everything they had.

I will miss this year's graduates but a good crop of rookies and some of our returning seniors will be there to carry the torch next year - the future looks bright. Adios Cedric, Rob, Chris, Trevor and Doug. Good luck in your university years - our years together on the ice have been very rewarding and I thank you to your dedication to our hockey program. You made your last year special to everyone: B.U. Tournament finalists - four players in the top ten scoring - beating B.C.S. five out of six games and L.C.C. - never forget these moments.

At the onset of our season we set the team goal of qualifying for the ETIAC play-offs. Through the leadership of my team Captain, Ellen Poston and the league champion scorer Kristen Denney, our young and relatively inexperienced squad not only qualified for the playoffs but also showed quite well against eventual league champion J.H. Leclerc in the semi-final.

I am very pleased with this year's team; their determination in a one-point victory over B.C.S. in Lennoxville, followed several days later by another one-point victory over the crusaders here in Stanstead showed our team's mettle. If anyone required further convincing of our capabilities, a very physical five-point victory over Massey Vanier served as sufficient evidence.

My best wishes to Ellen and Kristen who graduate to the senior team next season.

JUNIOR BOYS BASKETBALL 1989-90

The year started out in early November with well over 20 boys trying out for the team. After some very hard decisions, the group was whittled down to fourteen players and a manager. If not the best team in the league, we were by far the largest. The highlight of the pre-Christmas half of the season was our victory over Galt on their home floor. The highlight of the post-Christmas half was our return engagement with M.V.R. After having lost to them (by one point) on their court in December, we welcomed them to Stanstead after the holidays by beating them soundly early in January.

Our league record was 3 wins, 5 losses; our overall record 4-5. We placed third in the league and won the right to meet 2nd place Richmond in the semi-finals of the ETAC Championships. Our goal was a victory in the semi-finals as we knew that whoever advanced to the final would be blown out by Seminaire Salesien, one of the strongest Junior teams in the province. In our two regular season games with Richmond, we came up losers in both. In the semi-final, it seemed that the whole team played together, and we led by 7 points at the half. In the second half, Richmond regained their form as we seemed to lose both our form and our composure. We were in the game until the very end, however, and only lost by 7 points.

All in all, a very satisfying and enjoyable season, with a good amount of skill improvement for all of the players. Congratulations to Junior 'S' winners Jamie Blouin, Guillermo Rodriguez, and Roger Wang, and thanks to manager Miguel Sorensen and all the players.

The Stanstead girls squash team proved to be a challenging adversary for its main competitors, BCS and Champlain College. At the Eastern Townships Open held at Bishop's University, Ilene Lin and Silja Howard came in first and second, respectively, in the consolation round. I was very proud of the effort, dedication, and improvement I observed in each of the players over the season. For superior ability, Fanny Chu and Akiko Katsumata each received a senior S. The captain, Kirsty Lewis, was a very powerful motivating force for the girls as well as a very reliable assistant coach. It was with pleasure that I awarded Kirsty a well-deserved major S. I will miss those not returning next year.

Good luck

BOYS' SQUASH

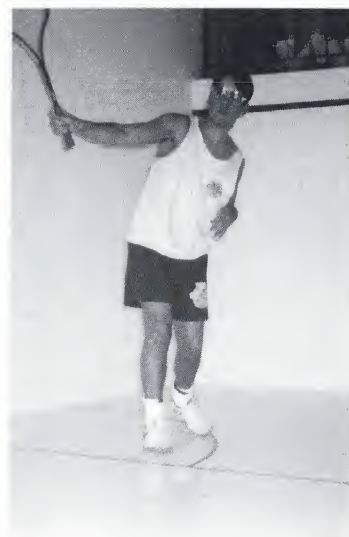

Standing: N. Goldberg, A. Wong, Mr. A. Tabatchnick, D. Kondo, R. Lyon, J. Tsao
Kneeling: W.C. Chan, F. Paradis, D. Yeh, W. Lin.

This was a very rewarding year for the boy's squash team. What exemplified this season was the dedicated behavior of our players both at tournaments and at practices. There was a constant striving for excellence and moral support for each other. I can easily say that by the end of the last game of the season, all of our players showed a marked improvement in their squash.

Congratulations go to the two 'Major S' recipients, Daisuke Kondo and our team captain, Alex Wong for their excellent play. Also special thanks are given to Nathan Goldberg and Wai Chan ('Senior S' recipients) and to Francois Paradis ('Junior S') and all the other members of the team.

On behalf of the whole team I would like to thank Alex Wong for the commitment he gave to being team captain. He was always there when needed.

Although the Bantam hockey team had almost as many games cancelled as they played, we still managed to complete an exhibition schedule of sixteen games. Our won-loss record was not impressive; however, the team made tremendous progress in their skill development in every department. Just learning to play with each other took almost half of the season, but in the end most of the players were able to hold their own against any opponent. Some members of the team were cast in a supporting role which allowed others to achieve the proficiency and success which came during the season.

Losing our team captain, Peter MacLaggan, halfway through the season was a blow to the team. However, we were able to regroup and the team picked up the slack for the balance of the season. Jacques Laberge, Chris Yates, Emery Guevremont and Ivan Gibbs were recognized for their Junior "S" at our winter athletic assembly having achieved above average skill proficiency. I would like to thank Jason Poitras, our goaler for his efforts in the nets and to compliment him for continued improvement at that position. Finally, a very special thank you to Jack Gaarkeuken, Victor Kasowski, Martin LaFleur, Jeff Mayers, Fred Phaneuf, David Skelton, and Tony Xenos for their support and effort in making the season a lot of fun and a good learning experience for all.

TRACK AND FIELD - 1990

Track and field for 1990 once again featured a team relatively small in numbers but one with some excellent individual talent. Due to some restructuring in the Quebec Track Federation our season included only four meets which were condensed into a relatively short period of time.

Our athletes got their first taste of competition in the friendly and low-key BCS Field Meet where emphasis is primarily on the field events. However, using these performances as a guide we were able to capture the championship trophy in our own 22nd annual Stanstead Invitational Meet the following weekend. We then competed in the popular Alexander Galt Relays and concluded our season with many personal bests in the ETIAC Championship Meet.

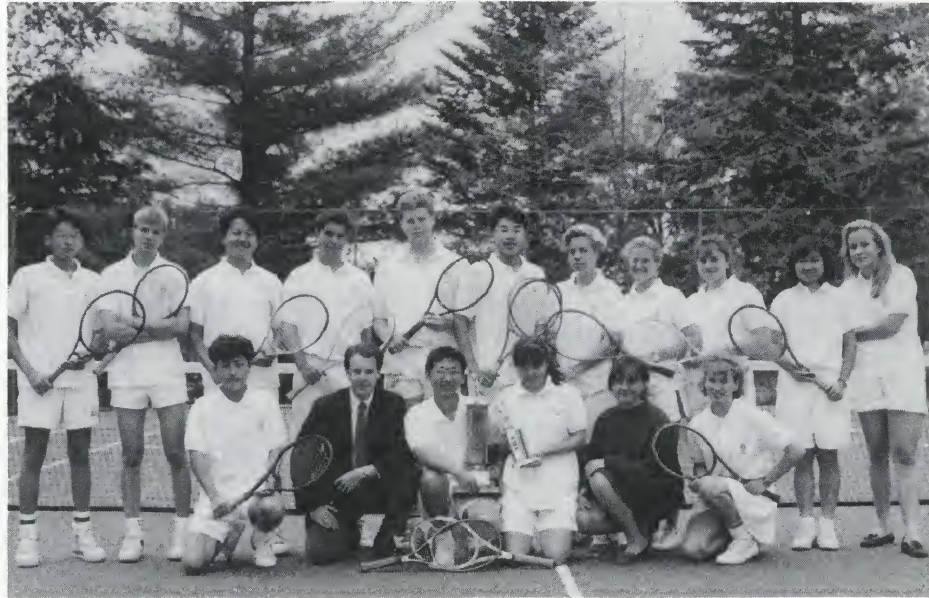

The key highlights for the coaching staff were Francois Paradis entering and winning all eight of his events in the Stanstead meet for a nifty 40 point day and the high aggregate in the midget boys class. (In fact, we captured three of the four individual aggregate awards in this meet as Nina Taylor and Cedric Watier won the senior girls and senior boys classes respectively.) We were also pleased with the bantam boys relay team (Rodrigo Miranda, Victor Kasowski, Octavio Gilibert and Emery Guevremont) and their excellent performance in the Galt Relays, Rachel Gallant's record shattering performance in the javelin and, of course, winning the Stanstead meet.

Congratulations are in order to our Major "S" winners, Cedric Watier, Ted Brus and Nina Taylor and to all winners in the other categories as well. Deserving special mention are Nina Taylor who won the Alice Amaron Trophy as our top girl athlete and Francois Paradis for capturing the coveted Russell Langley Memorial Trophy as the top boy.

I would like to thank my co-coaches Mr. Channell and Mr. Philip and, on their behalf, extend a warm thank you to the entire team for making 1990 an enjoyable season.

It would be absurd to classify a season in which our tennis team won the ETIAC championship anything less than superb. This season was memorable in many ways for the players and the coaching staff.

Our boys' tournament in Montréal was an opportunity to meet some of the highly talented players from the city. We fared quite well at Nun's Island and followed up with a solid victory against BCS at home. While the boys were winning their matches our girls' squad was gaining valuable experience against stronger and more seasoned opponents; experience which contributed to our performance at the ETIAC championships.

We look forward to next year, with a mature nucleus of the team returning. Congratulations to Sylvain Goyette and Renee Hess, winners of our internal Shield competition, and Akiko Katsumata and William Lin, captains of the 1990 ETIAC tennis championship team.

For the first time in the last three years, Stanstead has managed to field a senior rugby team and displayed keenness as well as skill. A very important core of boys has remained loyal to the sport despite a short competitive season. This has been strengthened by some determined newcomers to the game with the result of a very competent team.

Five games were played in all, concluding in two wins, two losses and one draw. Many thanks to the captain, vice captain, asst. coach Simard and all the team members who contributed to a very enjoyable spring programme.

ITALY TRIP 1990

ITALY TRIP 1990

This year's school trip during the March break was to Italy. The group left Mirabel airport on the evening of Tuesday, March 20 and returned to Canada on Sunday, April 1, 1990. During the trip, the schedule provided us with the chance to visit Pompei, Sorrento, Capri, Firenze (Florence), Pisa, Siena, Assisi, and, of course, Roma.

After a full day of travel, our first stop were the ruins of the ancient city of Pompei. Our friendly guide, Mario, impressed upon the group how old the birth of our modern society was, as well as pointing to the grandeur of this ancient civilization. Moving onto Sorrento, on the Bay of Napoli, we enjoyed a real break for a few days as this period was more of a vacation than a history lesson. We spent Friday on the beautiful island of Capri, viewing the cliffs, grottos, and blue water of the island during a small boat tour. Our travel to and from the island was on a hydrofoil, which was a new and exciting experience for many (Chuck, Richard??).

That evening, we met Diego, the tour leader for the rest of our trip. Saturday, we traveled the beautiful 'Amalfi Drive' on the Bay of Salerno, and returned to partake in a mad shopping spree where we estimate that more shoes were bought than people on the trip (thanks to Fanny, Kirsty . . .). Sunday was a travel day from Sorrento to the original renaissance city of Firenze. On Monday morning, we visited the Piazza dei Miracoli in Pisa, where the main attraction is, of course, the Senegalese street merchants (\$ 1 watches) . . . oops, we mean the Leaning Tower. In the afternoon, we returned to Firenze and with our guide Giovanni visited the churches and statues of the city. On Tuesday, our free day in Firenze, we offered to interested students the chance to join us in a more detailed tour of the museums and galleries which housed the works of the great masters. We were pleasantly surprised at the number of students who gave up their free time for nine hours of walking and visiting the works of Michelangelo, Botticelli, Donatello, Da Vinci, et al.

On Wednesday, we toured Siena and went on to Assisi, where we slept 200 m from the famous Basilica of San Francesco. The next morning we toured the Basilica with a monk of the Order of St. Francis. On Thursday afternoon we left Assisi, and arrived in Roma. Friday was spent on a full-day sightseeing tour, visiting such sights as Michelangelo's Moses, St. Peter's in Vatican City, and the Roman Forum and Colosseum. Saturday, our last full day in Italia, was spent as a free day in Roma. Some visited the Sistine Chapel, while others did some last minute shopping. Sunday morning at the crack of dawn, we departed Roma en route to Canada, and arrived (due to time changes) in the early afternoon.

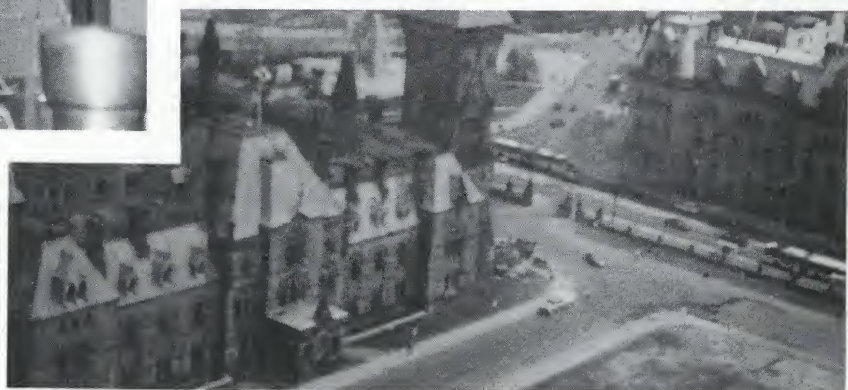

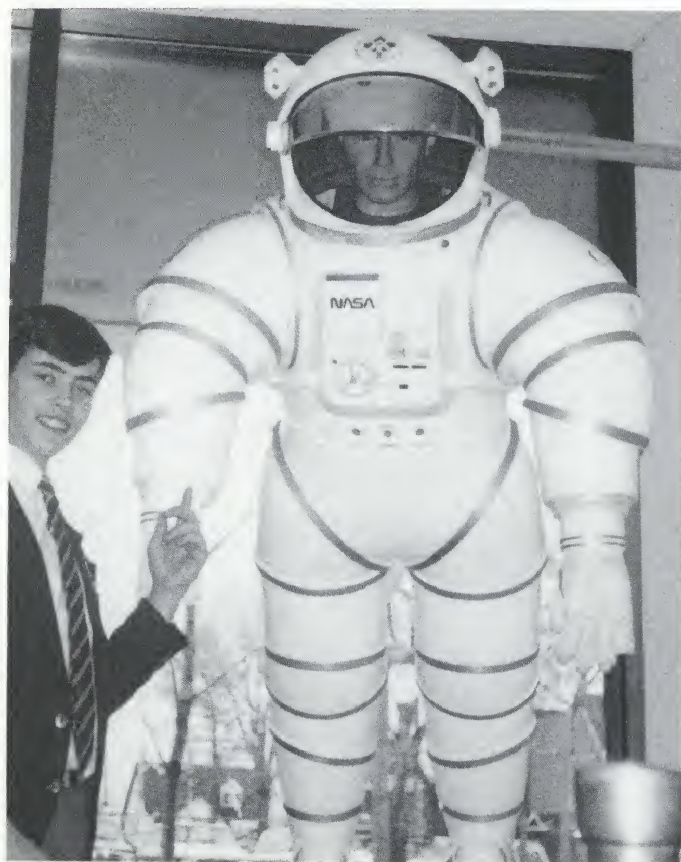

As with any trip of this type, there were a number of interesting and enjoyable moments which will be remembered by the people on the trip. Some of these highlights were . . .

- meeting and overnight with Katherine, Peter, and Francois
- Alex Wong discovering that prices in Italy were very high
- James and Todd losing their wallets to gypsies on Day 1 (they later got them back)
- Rodrigo streaking through the halls of the hotel in Sorrento
- Richard Lin proving that he understood Mario's explanation of the vomitorium
- Guillermo scheduling a trip to Elba
- Renee taking pictures of all the guys (and statues) in Italy
- Monica, Cecilia, and Malcolm - late for everything
- Ashraf: 2 Hrs. SNETB, shower, KA Room Confined
- and, of course, COLPO GROSSO (chin chin)

As staff members, we had a very enjoyable trip and were very pleased that all of the guides complimented our group on their comportment and behaviour. Thanks to our guide Diego, our crazy bus driver Nando, and all of the students for a great time. Gracie. Prego.

It was a very good year. Mr. Duncan and I have been blessed with a group of keen and creative students who are more than willing to come in at a moments, notice to finish up pages, help with advertising or any other task they may be assigned. A very big thank-you to all of you wonderful and consciencious people. You have helped make this year's book one of the best and one of the easiest to get out.

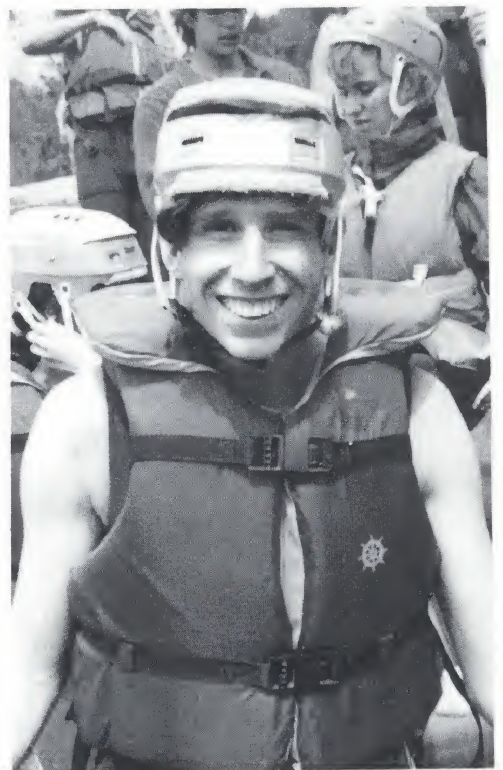

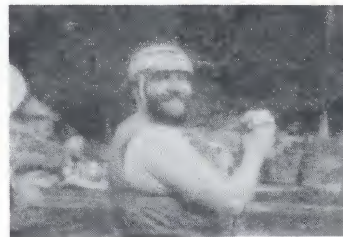

A special thank you to Mr. Duncan for all his help and to our editors for all their ideas and instruction. You have left us in good shape for next year.

To all of you on the SPECTRUM that will not be returning all the best in the years ahead and thanks for helping record so many memories.

Le club d'impro de Stanstead College a commencé en mars 89 et s'est immédiatement joint à la L.I.D.E.A. (Ligue d'improvisation des écoles anglophones.)

Cette ligue compte 5 écoles qui sont Trafalgar, Miss Edgar's and Miss Cramp's School, Lower Canada College, Bishop' College School et Stanstead College. La ligue à but éducatif a été formée afin de promouvoir la culture et la détente en français.

Les membres de notre équipe se rencontraient chaque jeudi soir et improvisaient sur des thèmes choisis à l'avance. Ils ont également bénéficié d'un atelier dirigé par un joueur de la L.N.I., Monsieur Raymond Arpin. Cette soirée fut très appréciée et très utile.

Au cours de l'année, l'équipe a participé à deux tournois officiels, le premier à E.C.S. et le second, ici à Stanstead, contre B.C.S. Stanstead a gagné ces deux matchs. Le tournoi final a eu lieu à L.C.C., le 11 mai dernier; Stanstead s'est retrouvé en deuxième place.

En terminant, nous aimerions remercier nos deux capitaines, Amélie Rivet et Sylvain Goyette, ainsi que notre dévoué gérant, François Paradis.

L'année que se termine a été marquée de bonne humeur, d'esprit sportif et de participation et nous attendons la prochaine saison avec beaucoup d'enthousiasme.

Le 9 avril 90, les classes senior de français, soit les 10e, 11e et 12e années, ont assisté à la représentation de la pièce "Les femmes savantes" au Théâtre Denise Pelletier.

Cette pièce a été choisie afin de permettre aux étudiants de voir une pièce classique dont l'auteur est l'un des plus joués au monde. Comme l'enrichissement culturel a toujours été partie intégrante du programme de français, le département a profité de cette occasion pour faire découvrir aux étudiants un style, une langue et une poésie étrangers au théâtre moderne.

Cette activité s'est avérée un apprentissage et un divertissement pour nos étudiants.

Trying to Break Through

by Vanessa Patry

The circle of life spins busily round,
I stand to the side not making a sound,
But watching it spin its daily routine
Thinking of some way I could intervene.

Look at the beauties that just pass them by,
Their blindness and ignorance have caused them to die,
The world to them is barren and gray.
Nothing to do, nothing to say.

They know not true love, affection they feign,
And hearts here are always broken in vain,
For nothing matters, no one cares,
You see it in the empty stares.

Because I'm different they call me "weird"
Yet I know the truth, by them I'm feared.
My youthful happiness scares them off,
At my ideas they laugh and scoff.

These poor lonely people, I want to embrace,
Melt the coldness, soften a face.
Show them the leaves, the flowers and trees,
Stand in the rain and run with the breeze.

Its so hard to express your thoughts to a place
Where people won't listen or spit in your face.
But I must try until I succeed
To get people thinking and wanting to read.

Friendship Misplaced

by Virginie Drouin

Best friends forever
You used to say.
Do you remember?
Those were sunny days.

You seem undisturbed
By our friendship's sad fall
My smile has departed
But, do you notice at all?

You seem to have changed
Our summer vacation.
But me, I remained.
Thus, I lost your attention.

You found a new legion
So you left me alone
To be laced in dejection
As my heart turned to stone.

Did we fail all those tests?
Tests for friendships, once they start.
It's all those unknown secrets
That have now broken my heart.

Liver

by Philippe Roy

Liver is the most grotesque form of food that there ever was and ever will be. As well as leaving a "gross me out" feeling after eating this food, it is impeachable in the way that you will probably wear out your teeth eating on it. When I have liver, and this is a good tip for anyone who eats this repulsive food, I put mango spice on it to cover up the taste. If that doesn't do it mix soya sauce and water in a glass and sip that down. If we could date back a few years we would see that when the Roman Empire gave meats to its prisoners, it was a form of liver! Now everything has its place and I think liver should have stayed in Rome! I don't know about you, but for me, when liver goes down my throat, a disgusting substance comes out my mouth!

Hallowe'en

by Michael Atkin

In the basement of a haunted house lived a witch. She was called Wartface. The witch hated Hallowe'en because she hated scaring little kids. Everybody knows that scaring little kids is a witch's job on Hallowe'en. Wartface hated her job but she kept on scaring kids because it was a Hallowe'en tradition. When Hallowe'en day finally arrived, the witch was angry because she knew that on that night she would have to go out and do exactly what she hated to do. When the night came, she got on her broom and started her usual rounds. But, when she got to the first kid, a thought struck her. She decided that she liked kids too much to keep on scaring them. So, she decided to give the job to her cousin, Wartfeet, who was unemployed. Since Wartface retired she is much happier.

Folding Wings

by Silja Howard

They dragged me to the edge of the cliff
And beat me with their sticks and chains
But they could not make me scream,
They could not make me cry.

They howled and they mocked
And when that didn't work
They tossed me over the cliff
In a hope that I would die.

And I fell through the air
Looking up at the sky
And I smiled at them as I sprouted my wings.
My tormentors had taught me to fly.

Colby Borrowing

by Sherri Kharusi

Borrow tapes, if you must
Lose them, and you're mine to bust.
Conditioner, for your hair to wash
For your boyfriend, you look posh.
Vests, skirts, shoes in suede
All here, just get me paid.
Write a note if you wish
But paper isn't mine to dish!

Let's Stop Playing Games

by Elizabeth Clark

Once when there was little encouragement,
The desire was spiced.
Once when there was too much,
The need was slashed.
Now when there's jealousy,
The aspirations soar.
Let's stop playing games

A Passing Wind

by Rami Dajani

The sparkling stars stare at me
As I ride the waves of the gloomy sea
From beyond the rainbow appears to me
The land of my dreams.

Alas! If I could only reach that
And honour my hands with its blessed sand
But here in the middle of the sea I stand
Impeded by its mighty waves.

How mortal our thoughts and lives appear
When we stop, and think, our end is near
Thus our life is meaningless and queer
It's nothing but a passing wind.

Reaching

by Katherine MacLaggan

I'm doing a lot of nothing;
Serving my time
Until something better comes along
And I think I see my ship coming in;
Not sure that I can swim that far,
Last that long,
 It's so long.

The road that I walk
Scorches my aching feet,
The scenery is desolate;
Maybe I'm just imagining all of this,
 Has all of my life been a dream?

Don't wake me now,
For I'm going to catch that ride
Out of here.
I'm almost there,
But I'm so tired.

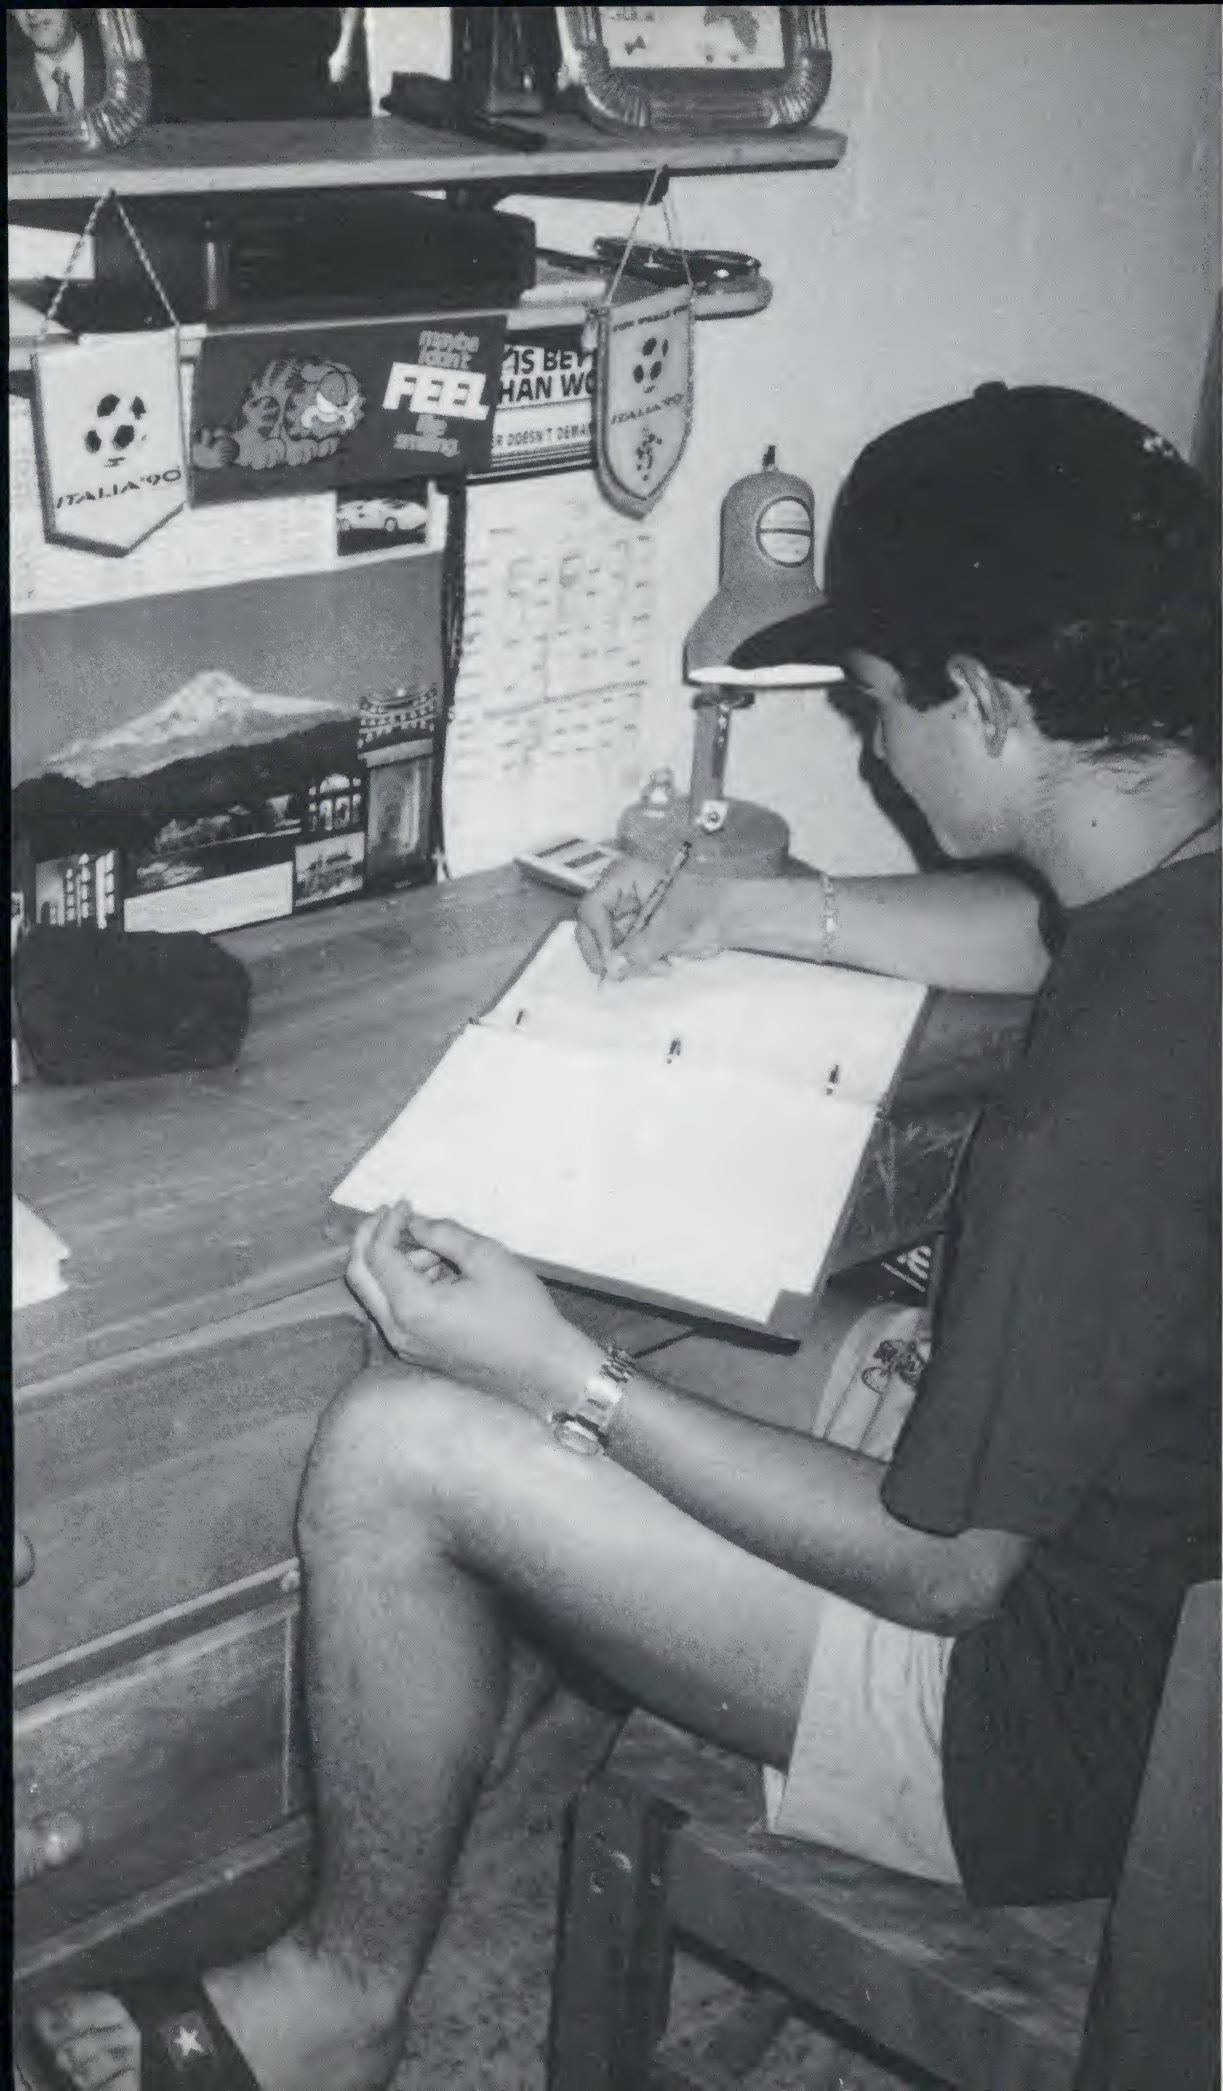

Souvenirs

by Katherine MacLaggan

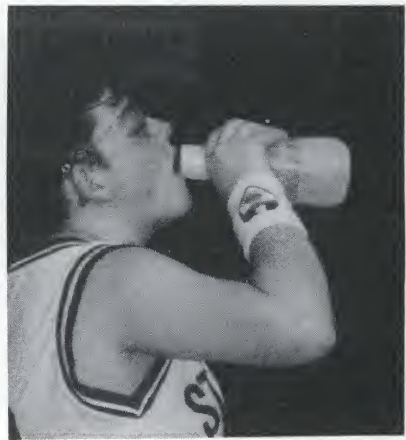

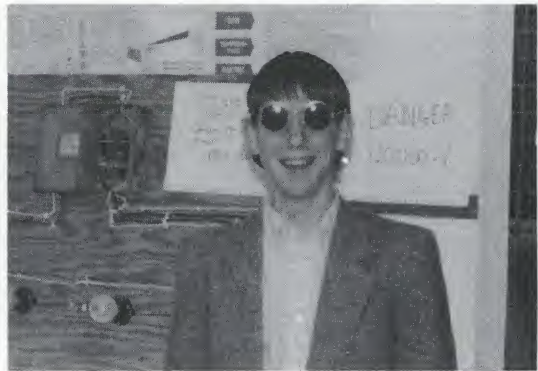

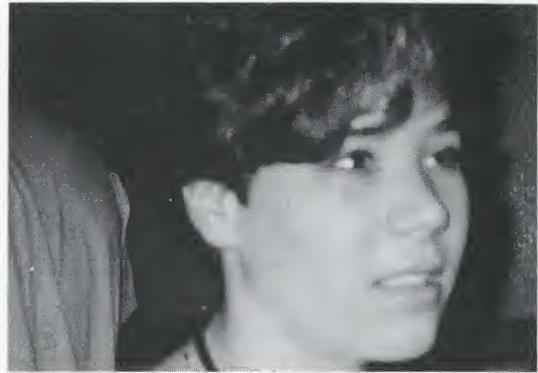

Memories, hazy pictures,
Yellowed and love worn,
Dog-eared whispers
Of voices I remember.
The laughter echoes still
Along my mind's corridors;
wandering.

The perfume of pretty girls:
The hair and silk stockings
Which invaded my daily life,
And the musky, warm smell
Of boys whom I promised never to forget
Remains with me,
Though their images have faded
Like the jeans I wore,
And the sun behind the hills,
And the ink of many a love letter,
The tear stains have disappeared,
The reasons and regrets with them
And the bitter taste is now sweet.
Only the joys glow yet,
And the love songs,
And the smiles . . .
Souvenirs of life.

DIANA TREMBLAY

Diana Tremblay has been House Director of Colby House, the College's largest residence, since 1987. For the last three years she has also taught Psychology, Sociology, M.R.E., and Career Education.

Although the challenge of residential responsibility was somewhat new to her, she rapidly sized-up the situation and established a disciplined, friendly and communicative rapport with the girls under her care. She has made significant changes to the way the House was run and raised the profile of the girls' contribution to all aspects of College life. All the staff and students, with whom she has come into contact, respect and admire her qualities of certitude, leadership and professionalism. In addition to her residential and teaching duties, she has been very active in directing the Animation Committees which run the College's social programme.

Diana Tremblay's contribution will be missed in many areas but it is certain that she has also acquired some new skills that will make her Master's studies as successful as her time at Stanstead has been.

Geoff Telling

As everybody with boarding school experience knows, the school nurse is the most important purpose on campus. Coaches, teachers, house directors & headmasters must all come to realize that she has the last word on who may play in a crucial game, who may miss classes, who may stay in bed and who may be absent from school commitments. Needless to say, a wise and understanding nurse is essential to the smooth operation of the school. We are losing such a person this year when Shirley Marsh retires.

Shirley came to the school five years ago from the Royal Victoria Hospital in Montreal. Before that, she had extensive experience as a school nurse with the Lakeshore School Board. With this background, Shirley fitted into our operation without a moments hesitation and ran an open, comforting and very sensible infirmary routine. What a comfort it was to me to know that Shirley was in charge of such a key operation at the school and she has been a highly valued and respected colleague of all of us at the school.

Kind, understanding, sensible, totally unflappable are words that come immediately to mind when talking of Shirley. But for me, two other characteristics are needed for a good school nurse to be a truly superb school nurse. She must be dependable and have a sense of humour. We tend to forget how much we depend on having somebody there when we are not feeling well, never mind the time of day or the circumstances. When we hurt, we want to be cared for and Shirley never let anybody down. To do this, you have to be a very special person and often only a good sense of humour is going to carry you through.

Shirley has the great ability to see the bright side and the light side of a situation and this not only helps her, it makes everybody else's contacts with her so much easier and pleasant. Gloom and doom are not in Shirley's vocabulary and what a delight that is for the rest of us.

I know that I speak for everybody on the faculty when I say that Shirley will be missed by all of us. She retires this year and will live full time in her house in Mansonville, but I doubt that retirement will be quiet or uneventful. Shirley is far too energetic to allow that to happen.

All of us at Stanstead - faculty, staff, students - wish Shirley a happy, busy and interesting retirement. And Shirley, thank you for sharing the past five years with us.

Miss Sue Broden

After two years of teaching Mathematics, being an Assistant House Director, a ski coach and leader of the photography club Miss. Broden is moving to Concordia University to complete her Graduate studies.

The Math. department will miss the expertise, and dedication that Sue has given the school. Her knowledge of computers has been a great help in grades seven and eight. The students in the Functions and Statistics courses have appreciated her help, her patience and her desire for excellence.

What ever she is doing Miss Broden brings to it a sense of humour and a drive for excellence. As an Assistant House Director she has devoted long hours to the welfare of our girls. The Ski team will be lost without her enthusiasm. When she arrived Sue was a reasonable skier but now she can skate or classic ski with great ease and it was her enthusiasm that led our girls to be the Eastern Township's Champions. The Photography club has benefitted from her expertise and we have all appreciated the slide show she produced at the end of each year.

Sue, we are going to miss your willingness to help, your sense of humour and your dedication. Thanks for all you have done for the school and our very best wishes for the future.

Tony Eveleigh.

Brigitte Mimran arrived two years ago to teach Biology, Ecology, Physical Science and Mathematics. She has also been an Assistant House Director, a coach for three terms each year and organized a Fashion Club.

The Math. and Science department will not be the same without her insight, concern for others and dedication that Brigitte brought with her. No matter what she is teaching Miss. Mimran's enthusiasm and dedication is reflected in her students. She has the ability to make people reach out, enjoy and work at levels beyond their expectations.

In sports Brigitte has coached Cross Country Running, Squash, Tennis and Soccer. Here again the tremendous concern she shows for each individual, helps them perform at their highest level.

As an Assistant House Director Brigitte lived in our smallest apartment and it was amazing how many people visited that apartment. Some went for academic help, some went for advice, others to discuss a problem and many just went for a shoulder to cry on.

Miss. Mimran is leaving us to take a teaching appointment in Montreal. Brigitte we understand your desire to return to the city. We wish you could have stayed longer. Thank you for the enthusiasm and joy you have brought to Stanstead. Remember that you go with our very best wishes for the future.

Tony Eveleigh.

Miss Brigitte Mimran

In a short time, September 1989 to June of 1990, Michèle Paquin has made her mark at Stanstead College as a teacher of French. She is known and respected for her very professional approach to her teaching by her students and her colleagues. She demands much of her students but also requires herself to put forth the maximum effort. During the school year she quickly became involved in the extra-curricular programme and the sports as she took on the training of the Improvisation team and could be found on the coldest and most blustery days of winter with the cross-country ski team as one of the coaches. When she moved here in August of 1989 with her son Frédéric, a grade X student at Stanstead, she said that she was looking forward to an interesting and enjoyable year. As her advisees and the students in her classes can testify, she knows how to associate enjoyment of learning with the goals to be attained.

We will miss you next year Michèle but we wish you success and happiness in Montreal at Trafalgar School. We are glad to have had the opportunity to know the three of you; Michèle, Jean-Jacques and Frédéric. Merci et revenez nous voir souvent!

- Paul Duncan

Selling revenue properties took

GUTS AND HARD WORK.

nobody ever said success would happen overnight

Remember how frightening it was in 1981, when the prevailing Real Estate Wisdom in Canada seemed like "Let's wait a while and hope things get better?"

Obviously, things didn't get better, and people got tired of waiting. The first year was hard. This industry didn't need just another broker!

It needed better marketing! So we took the old system of Residential Sales and applied it to Revenue Properties. It had been done, but not on an "extensive scale".

Our method involved putting all Revenue

Properties (large buildings) on the Multiple Listing Service Inventory, and then generating a mail order system to keep it going. Remember how apartment building owners were reluctant at first to allow their properties to be listed on such an extensively circulated inventory? Remember how their confidence grew as they discovered that it was being applied responsibly?

We added Honesty, Product Knowledge, Human Understanding and a strong desire to fight tooth and nail to get our clients the best deal possible.
